Welcome to the Garden of GARDENA ...

Translation of the original instructions from German. Please read these operating instructions carefully and observe the notes given. Use the instructions to familiarise yourself with the equipment, the operating controls, their correct use, and the notes on safety.

For safety reasons, children under 16 as well as persons not familiar with these operating instructions must not use this Fountain Pump Set.

→ Keep these operating instructions in a safe place.

1. Where to use Your GARDENA Fountain Pump Set

Intended Use

GARDENA Fountain Pumps have been designed for private use. They are not designed for operating watering tools and systems. The pumps may be used indoors as well as outdoors.

Please note

GARDENA Fountain Pumps have not been designed for constant use in the industrial sector. Corrosive, easily combustible, aggressive or explosive substances (e.g. petrol, petroleum, nitro thinner) as well as salt-water or food / drinking water must not be pumped.

2. For Your Safety

Electrical Safety:

The pump should be operated via a residual current device with a residual current rating of $\leq 30 \text{ mA}$ (DIN VDE 0100-702 and 0100-738). The pump must be placed on solid, even ground.

→ Please ask your electrician for his advice.

Always disconnect the pump from the mains before undertaking any work on it.

Mains power cables should not have a smaller cross-section than a rubber sheathed cable of the designation H05 RN-F 3G0,75 (FP 4000 E, FP 5000 E, FP 7500 E: H05 RN-F 3G1,0).

Extension cables must meet the requirements of DIN VDE 0620.

Check line voltage. Data indicated on the type plate must match technical data of the mains supply.

The pump must not be operated when there are people in the water. Swimming pools and garden ponds should be designed according to international and national design regulations.

→ Please consult a professional electrician.

For Austria:

Pumps for use on swimming pools and on ponds may only be operated via an isolating transformer.

→ Please consult a professional electrician.

For Switzerland:

In Switzerland mobile appliances which are used outdoors, must be connected via a residual-current device.

Note:

Do not allow the pump to run without water because dry-running leads to an undesirable build up of heat.

Before operating the pump, look to see if there is any damage to the pump (esp. regarding power cable and plug). The connection cable of the pump cannot be replaced. If the cable is damaged the pump must be scrapped. Ensure that the power cable cannot be crushed if it has not been laid in conduit in the earth or in gravel.

Do not use the power cable to carry the pump or to pull the plug out of the socket.

Protect the power cable from heat, oil and sharp edges.

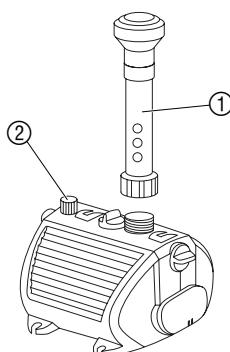

The temperature of the liquid used must not be below 4 °C or above 35 °C.

Sand and other abrasive substances in the liquid cause increased wear and reduce the output of the pump.

Please observe the local noise prevention regulations.

3. Assembly

Fit the pump:

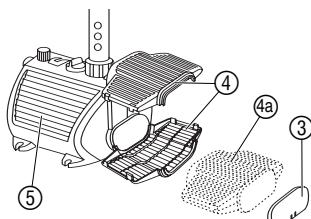

To provide a firmer mounting, the filter housing can be attached to a solid base (e.g. paving stone).

1. Screw nozzle pipe ① on to the pump with the ball and socket joint.
2. Screw the water feature insert you require (a / (b / (c / (d on the nozzle pipe ①).

All pumps	art. 7650 – 7654	art. 7655 – 7657
(a cascade)	(b Waterbell)	(c jets of water)
		(d foaming - spring)

② Holder for GARDENA underwater light art 7951

VARIANT 1: Mount the additional filter on the pump:

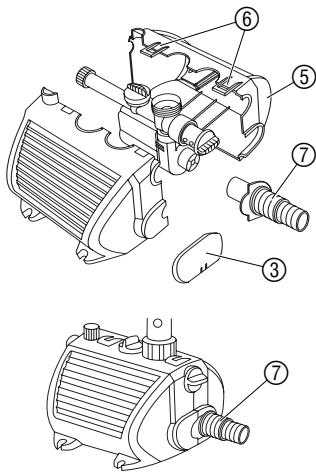

The additional filter can be fitted on the filter housing to extend the maintenance interval and to give the water feature a longer life.

1. Remove the cap ③ from the pump.
2. Fit both filter shells ④ on the filter housing ⑤ and clip into place.
3. Press sealing cover ③ on to the additional filter ④.

You can install additional filters ④a to increase the filter surface. Additional filters are available from GARDENA Service.

VARIANT 2: Mount the pond edge controller:

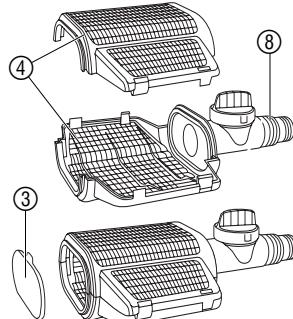

The additional filter can be installed as a pond edge controller for adjusting water features and cleaning the filter housing from the edge of the pond. Water is only drawn in via the additional filter. You can connect the following hoses to the hose connection:

- 3/4" and 1" for FP 750 E / FP 1000 E / FP 1400 E / FP 1800 E / FP 2500 E
- 1 1/4" and 1 1/2" for FP 4000 E / FP 5000 E / FP 7500 E

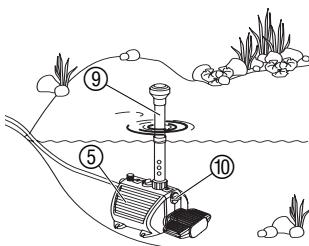

For best results use a hose with the largest possible diameter.

1. Remove the cap ③ from the pump.
2. Press in snap fastenings ⑥ and open up the filter housing ⑤.
3. Push the hose connection ⑦ on to the pump.
4. Close filter housing ⑤.
5. Insert hose connection ⑧ in to one filter shell ④ and snap into the second filter shell ④.
6. Press sealing cover ③ on to the pond edge control ④.
7. Connect water feature pump and pond edge control to a hose.

4. Initial Operation

Switch on water feature pump:

1. Place water feature pump on a firm base in such a way that the filter housing ⑤ is completely covered by water.

2. Pull telescopic pipe ⑨ out to the desired length.

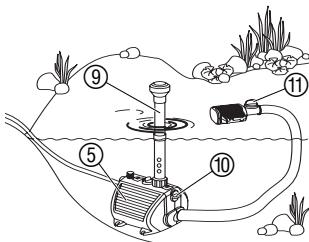

3. Netzstecker in eine Wechselstromsteckdose einstecken.

Warning: Pump will start immediately.

4. Set the quantity of water required for the water feature using the regulator ⑩.

5. **Water bell:** Screw insert into the water feature until the water feature has produced the shape required.

Start pond edge control:

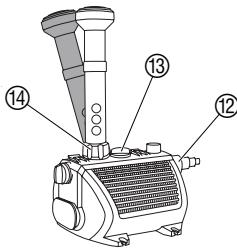

TIP: Install the pond edge controller on a bed of gravel to improve the water intake. The regulating valve ⑩ must be fully open when using the pond edge controller.

1. Fill hose with water to remove any cushions of air in the hose.

2. Secure the pond edge controller at the edge of the pond (using rocks, for example).

The pond edge control must be completely covered with water.

3. Set the quantity of water required for the water feature with the regulator ⑪.

Side outlet:

Additional consumers (e.g. gargoyles) can be connected to the side outlet ⑫ (1/2", 3/4" and 1" nipple). The quantity of water can be adjusted via the regulator ⑬.

Note: The ball joint ⑭ can be used to align the water feature so that it is vertical.

5. Maintenance

Warning! Electric shock!

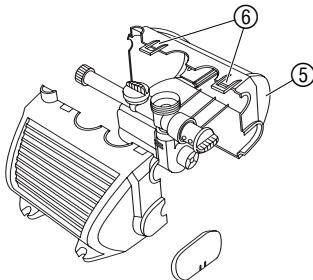

→ Disconnect the pump from the mains before working on it.

Clean water feature insert and nozzle pipe:

Do not use any hard objects or powerful detergents for cleaning the set!

1. Unscrew nozzle pipe.
2. Unscrew water feature insert and remove from nozzle pipe.
3. Clean nozzle pipe and water feature insert in clean water.

Clean filter housing:

1. Take water feature pump out of the water.
2. Unlock snap fastenings ⑤ and open up the filter housing ⑥.
3. Clean filter housing ⑥ with a jet of water.
4. Hook the halves of the filter housing into each other and close.

Do not use any hard objects or powerful detergents for cleaning the set!

Clean the filter of the pond edge controller:

Light soiling:

→ Clean the filter surface of the pond edge controller **under water**.

Heavy soiling:

1. Disconnect the pond edge controller from the hose underwater to prevent air from being drawn in.
2. Take pond edge controller out of the water, open and clean.
3. Reconnect the pond edge controller **to the hose** under water.

6. Trouble-shooting

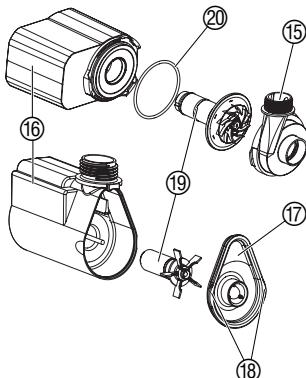

GB

Warning! Electric shock!

→ Disconnect the pump from the mains before working on it.

Clean the pump:

1. Remove pump from the filter housing (see 5. Maintenance).
2. **FP 750 E:** Detach the cap 17 from the motor housing 16 at the catches 18.
Other pumps: Turn the pump housing 15 anticlockwise and pull it vertically off the motor housing 16.
3. Pull impeller unit 19 out of the motor housing 16 and clean.
4. Push cleaned impeller unit 19 back into the motor housing 16.
5. **FP 750 E:** Push pump cap 17 onto motor housing 16.
Other pumps: Press pump housing 15 vertically onto motor housing 16 and turn clockwise.

FP 4000 E / FP 5000 E / FP 7500 E:

During assembly, ensure that the seal / foam filter 20 is correctly seated in the motor housing 16.

Fault	Possible cause	Remedy
No water feature operating	Mains plug not plugged in. Impeller unit is blocked. Regulating valve at pump or pond edge controller is closed.	→ Plug in mains plug. → Clean pump. → Open the appropriate regulating valve.
FP 1800 E / FP 2500 E / FP 7500 E	Thermal overload switch has been triggered (pump has run dry).	1. Unplug the mains plug and allow the pump to cool 2. Plug the mains plug back in after approx. 2 minutes.
FP 750 E / FP 1000 / FP 1400 E / FP 4000 E / FP 5000 E / FP 7500 E	Electronic dry-running safety has been triggered.	→ Unplug the mains plug, stand the pump in the water and plug the mains plug back in.
Water feature reduced in size and uneven	Water feature insert is dirty. Air lock in the hose. Filter housing / pond edge filter dirty.	→ Clean water feature insert and nozzle pipe. → Fill connection hose for pond edge filter/pump with water. (see 4. Initial Operation). → Clean filter housing / - pond edge filter.

If any other faults arise, please contact GARDENA Service.

7. Storing your Fountain Pump Set

**Storage/
Overwintering:**

The storage location must not be accessible to children.

1. Remove the pump from the pond before frost is expected and clean.
2. To avoid difficulties when starting up in the spring, we recommend storing the pump in a frost-free location in a container filled with water.

The mains plug must not be submerged.

Disposal:
(in accordance with
RL 2002/96/EC)

The product must not be added to normal household waste. It must be disposed of in line with local environmental regulations.

→ Important: Make sure that the unit is disposed of via your municipal recycling collection centre.

11. Service

Guarantee

GARDENA guarantees this product for 3 years (from date of purchase). This guarantee covers all serious defects of the unit that can be proved to be material or manufacturing faults. Under warranty we will either replace the unit or repair it free of charge if the following conditions apply:

- The unit must have been handled properly and in keeping with the requirements of the operating instructions.
- Neither the purchaser or a non-authorised third party have attempted to repair the unit.

The feed impeller is a wearing part and is not covered by the warranty.

This manufacturer's guarantee does not affect the user's existing warranty claims against the dealer/seller.

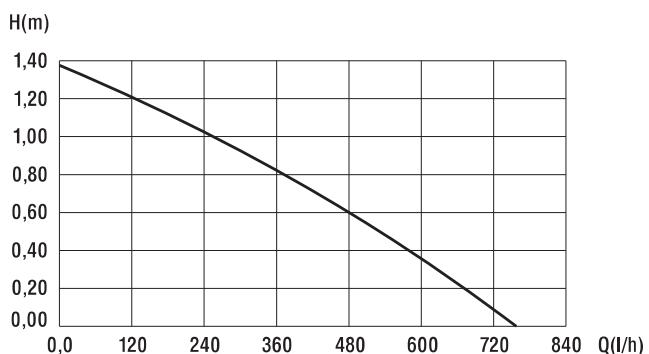

If you have any problems with your Fountain Pump Set, please contact our Service or return the defective unit together with a short description of the problem – in case of guarantee, with a copy of the receipt – postage paid to one of the GARDENA Service Centres listed on the back of this leaflet.

D Produkthaftung	Wir weisen ausdrücklich darauf hin, dass wir nach dem Produkthaftungsgesetz nicht für durch unsere Geräte hervorgerufene Schäden einzustehen haben, sofern diese durch unsachgemäße Reparatur verursacht oder bei einem Teilaustausch nicht unsere Original GARDENA Teile oder von uns freigegebene Teile verwendet werden und die Reparatur nicht vom GARDENA Service oder dem autorisierten Fachmann durchgeführt wird. Entsprechendes gilt für Ergänzungsteile und Zubehör.
GB Product Liability	We expressly point out that, in accordance with the product liability law, we are not liable for any damage caused by our units if it is due to improper repair or if parts exchanged are not original GARDENA parts or parts approved by us, and, if the repairs were not carried out by a GARDENA Service Centre or an authorised specialist. The same applies to spare parts and accessories.
F Responsabilité	Nous vous signalons expressément que GARDENA n'est pas responsable des dommages causés par ses appareils, dans la mesure où ces dommages seraient causés suite à une réparation non conforme, dans la mesure où, lors d'un échange de pièces, les pièces d'origine GARDENA n'auraient pas été utilisées, ou si la réparation n'a pas été effectuée par le Service Après-Vente GARDENA ou l'un des Centres SAV agréés GARDENA. Ceci est également valable pour tout ajout de pièces et d'accessoires autres que ceux préconisés par GARDENA.
NL Productaansprakelijkheid	Wij wijzen er nadrukkelijk op, dat wij op grond van de wet aansprakelijkheid voor producten niet aansprakelijk zijn voor schade ontstaan door onze apparaten, indien deze door onvakkundige reparatie veroorzaakt zijn, of er bij het uitwisselen van onderdelen geen gebruik gemaakt werd van onze originele GARDENA onderdelen of door ons vrijegeven onderdelen en de reparatie niet door de GARDENA technische dienst of de bevoegde vakman uitgevoerd werd. Ditzelfde geldt voor extra-onderdelen en accessoires.
S Produktansvar	Tillverkaren är inte ansvarig för skada som orsakats av produkten om skadan beror på att produkten har reparerats felaktigt eller om, vid reparation eller utbytte, andra än Original GARDENA reservdelar har använts. Samma sak gäller för kompletteringsdelar och tillbehör.
I Responsabilità del prodotto	Si rende espressamente noto che, conformemente alla legislazione sulla responsabilità del prodotto, non si risponde di danni causati da nostri articoli se originati da riparazioni eseguite non correttamente o da sostituzioni di parti effettuate con materiale non originale GARDENA o comunque da noi non approvato e, in ogni caso, qualora l'intervento non venga eseguito da un centro assistenza GARDENA o da personale specializzato autorizzato. Lo stesso vale per le parti complementari e gli accessori.
E Responsabilidad de productos	Advertimos que conforme a la ley de responsabilidad de productos no nos responsabilizamos de daños causados por nuestros aparatos, siempre y cuando dichos daños hayan sido originados por arreglos o reparaciones indebidas, por cambios con piezas que no sean piezas originales GARDENA o bien piezas autorizadas por nosotros, así como en aquellos casos en que la reparación no haya sido efectuada por un Servicio Técnico GARDENA o por un técnico autorizado. Lo mismo es aplicable para las piezas complementarias y accesorios.
P Responsabilidade sobre o produto	Queremos salientar que segundo a lei da responsabilidade do fabricante, nós não nos responsabilizaremos por danos causados pelo nosso equipamento, quando estes ocorram em decorrência de reparações inadequadas ou da substituição de peças por peças não originais da GARDENA, ou peças não autorizadas. A responsabilidade tornar-se-á nula também depois de reparações realizadas por oficinas não autorizadas pela GARDENA. Esta restrição valerá também para peças adicionais e acessórios.
DK Produktansvar	Vi gør udtrykkeligt opmærksom på at i henhold til produktansvarsloven er vi ikke ansvarlige for skader forårsaget af vores udstyr, hvis det skyldes uautoriserede reparationer eller hvis dele er skiftet ud og der ikke er anvendt originale GARDENA dele eller dele godkendt af os, eller hvis reparationerne ikke er udført af GARDENA-service eller en autoriseret fagmand. Det samme gælder for ekstra udstyr og tilbehør.
