GARDENA Fountain Pump Set

FP 1000 / FP 1500 / FP 2500

Welcome to GARDENA aquamation...

Translation of the original instructions from German. Please read these operating instructions carefully and observe the notes given. Use the instructions to familiarise yourself with the Fountain Pump Set, the operating controls, their correct use, and the notes on safety.

For safety reasons, children under 16 as well as persons not familiar with these operating instructions must not use this Fountain Pump Set.

→ Keep these operating instructions in a safe place.

1. Where to use Your GARDENA Fountain Pump Set

Intended Use

The GARDENA Fountain Pump Set is intended for private use. It is not intended for operating watering equipment or irrigation systems. The fountain pump set can be used both outdoors and indoors.

Please note

The GARDENA Fountain Pump Set has not been designed for constant use in the industrial sector. Corrosive, easily combustible, aggressive or explosive substances (e.g. petrol, petroleum, nitro thinner) as well as salt-water or food and drinking water must not be pumped.

2. Safety instructions

Electrical Safety:

DANGER ! Electric shock!

→ **Always disconnect the pump from the mains before undertaking any work on it.**

→ **Keep mains plug dry.**

The pump should be operated via a residual current device with a residual current rating

of ≤ 30 mA (DIN VDE 0100-702). The pump must be placed on solid, even ground.

→ Please ask your electrician for his advice.

Mains power cables should not have a smaller cross-section than a rubber sheathed cable of the designation H05 RN-F 3G0,75. Extension cables must meet the requirements of DIN VDE 0620.

Data indicated on the type plate must match technical data of the mains supply.

Please unplug the pump after operation and before carrying out any maintenance works.

The pump must not be operated when there are people in the water.

Swimming pools and garden ponds should be designed according to international and national design regulations.

→ Please consult a professional electrician.

Before operating the pump, look to see if there is any damage to the pump (esp. regarding power cable and plug).

The connection cable of the pump cannot be replaced. If the cable is damaged the pump must be scrapped.

Do not use the power cable to carry the pump or to pull the plug out of the socket.

Protect the power cable from heat, oil and sharp edges.

For Austria:

Pumps for use on swimming pools and on ponds may only be operated via an isolating transformer.

→ Please consult a professional electrician.

For Switzerland:

In Switzerland mobile appliances which are used outdoors, must be connected via a residual-current device.

Directions for use:

Do not allow the pump to run without water because dry-running leads to an undesirable build up of heat and will destroy the pump.

The temperature of the liquid used must not be below 4 °C or above 35 °C.

Sand and other abrasive substances in the liquid cause increased wear and reduce the output of the pump.

Please observe the local noise prevention regulations.

3. Assembly

A *Installing the set as a fountain pump:*

The stepped nipple (1/2" / 3/4") ⑥ can be used for connection, for example, to a gargoyle.

1. Screw the T-piece ⑦ onto the adapter ①.
2. Screw the stepped nipple ⑥ onto the side outlet of the T-piece ⑦.
3. Screw the ball joint ② onto the T-piece ⑦.
4. Push the nozzle tube ③ onto the telescopic handle ⑥ up to the sleeve ⑤.
5. Snap the nozzle tube ③ into the ball joint ②.
6. Screw required fountain insert ④ a) / b) / c) / d) fully into the nozzle tube ③.

a) Cascade

b) Water Bell

c) Fleur-de-Lis

d) Water Jets

B Installing the set as a stream pump:

The stepped nipple ($\frac{1}{2}'' / \frac{3}{4}''$) (6) can be used for connection, for example, to a stream or source stone.

1. Release the catches (11) and remove the filter bowls (12).
2. Screw the T-piece (7) onto the adapter (1).
3. Screw the stepped nipple (6) onto the side outlet of the T-piece (7).
4. Screw the cap (8) onto the T-piece (7).

4. Initial Operation

A Putting into operation as a fountain pump:

Note: In the event of an uneven foundation, the fountain can be vertically aligned with the adjustable ball joint (2).

1. When using a gargoyle, connect the hose of the gargoyle to the stepped nipple (6).
2. Place the pump with the fountain on a firm base so that the filter housing (9) is completely covered by water.
3. Undo the fixing nut (14) of the ball joint (2), place nozzle tube (3) vertically and screw fixing nut (14) tight again.

4. Connect the mains plug of the pump to an A.C. socket.

Attention: pump starts immediately.

5. Unscrew **Water Bell, Fleur-de-Lis or Water Jets** out of the nozzle tube (3) until the fountain has the required shape.
6. Adjust the size of the fountain with the regulating valves (5).
7. Adjust the required amount of water of the gargoyle with the regulating valves (10).

B Putting into operation as a stream pump:

Note: When using a $\frac{3}{4}''$ hose, the front part of the stepped nipple can be cut off with a saw.

1. Connect the hose of the stream to the stepped nipple (6).
2. Place the pump with the stepped nipple on a firm base so that the filter housing (9) is completely covered by water (max. 2 m under water).
3. Connect the mains plug of the pump to an A.C. socket.
Attention: pump starts immediately.
4. Adjust the required amount of water with the regulating valves (10).

5. Putting into Storage

Storage / Overwintering:

The storage location must not be accessible to children.

1. Remove the pump from the pond before frost is expected and clean.
2. To avoid difficulties when starting up in the spring, we recommend storing the pump in a frost-free location in a container filled with water.

The mains plug must not be submerged.

Disposal: (in accordance with RL 2002/96/EC)

The product must not be added to normal household waste. It must be disposed of in line with local environmental regulations.

→ Important: Make sure that the unit is disposed of via your municipal recycling collection centre.

6. Maintenance

Cleaning the fountain and filter housing:

DANGER! Electric shock!

→ **Disconnect the mains plug of the pump before carrying out maintenance work!**

1. Take fountain pump out of the water.
2. Unscrew nozzle tube ③, ball joint ② and T-piece ⑦ from the adapter ①.
3. Unscrew fountain insert ④ out of the nozzle tube ③.
4. Release catches ⑪ and remove the filter bowls ⑫.
5. Release catch ⑬ and open up the filter housing ⑨.
6. Unscrew the adapter ① and take the pump out of the filter housing ⑨.
7. Clean the nozzle tube ③, ball joint ②, T-piece ⑦, adapter ① and fountain insert ④ in clean water.
8. Clean the filter bowls ⑫ and filter housing ⑨ with a water jet.
9. Reassemble fountain pump in reverse order.

7. Troubleshooting

Cleaning the Pump:

DANGER ! Electric shock!

→ **Disconnect the mains plug of the pump before carrying out maintenance work!**

1. Remove the pump from the filter housing (see **6. Maintenance**).
2. Turn the pump housing ⑭ anticlockwise and pull it vertically off the motor housing ⑮ (Bayonet fastening).
3. Pull the impeller ⑯ out of the motor housing ⑮ and clean it.
4. Push the cleaned impeller ⑯ back into the motor housing ⑮.
5. Press the pump housing ⑭ vertically on to the motor housing ⑮ and turn it clockwise. (Bayonet fastening).
6. Reassemble the pump into the filter housing (see **6. Maintenance**).

Fault	Possible cause	Remedy
No water feature operating	Mains plug not plugged in.	→ Plug in mains plug.
	Regulating valves are closed.	→ Open regulating valves.
	Water bell or fleur-de-lis screwed too far into the nozzle tube.	→ Unscrew water bell or fleur-de-lis slightly out of the nozzle tube.
	Impeller unit is blocked.	→ Clean pump.
Reduced water feature	Water feature insert is dirty.	→ Clean water feature insert and nozzle pipe.
	Filter housing / filter bowls dirty.	→ Clean filter housing / filter bowls.
Pump shuts down after a short time	Water temperature too high.	→ Maximum water temperature is 35 °C.

In the event of other faults please contact GARDENA Service. Repairs should only be carried out by GARDENA service centres or dealers authorised by GARDENA.

11. Service / Warranty

GARDENA guarantees this product for 3 years (from date of purchase). This guarantee covers all serious defects of the unit that can be proved to be material or manufacturing faults. Under warranty we will either replace the unit or repair it free of charge if the following conditions apply:

- The unit must have been handled properly and in keeping with the requirements of the operating instructions.
- Neither the purchaser or a non-authorised third party have attempted to repair the unit.

The feed impeller is a wearing part and is not covered by the warranty.

This manufacturer's guarantee does not affect the user's existing warranty claims against the dealer/seller.

If you have any problems with your Fountain Pump Set, please contact our Service or return the defective unit together with a short description of the problem – in case of guarantee, with a copy of the receipt – postage paid to one of the GARDENA Service Centres listed on the back of this leaflet.

<p>D <i>Produkthftung</i></p>	<p>Wir weisen ausdrücklich darauf hin, dass wir nach dem Produkthaftungsgesetz nicht für durch unsere Geräte hervorgerufene Schäden einzustehen haben, sofern diese durch unsachgemäße Reparatur verursacht oder bei einem Teileaustausch nicht unsere Original GARDENA Teile oder von uns freigegebene Teile verwendet werden und die Reparatur nicht vom GARDENA Service oder dem autorisierten Fachmann durchgeführt wird. Entsprechendes gilt für Ergänzungssteile und Zubehör.</p>
<p>GB <i>Product Liability</i></p>	<p>We expressly point out that, in accordance with the product liability law, we are not liable for any damage caused by our units if it is due to improper repair or if parts exchanged are not original GARDENA parts or parts approved by us, and, if the repairs were not carried out by a GARDENA Service Centre or an authorised specialist. The same applies to spare parts and accessories.</p>
<p>F <i>Responsabilité</i></p>	<p>Nous vous signalons expressément que GARDENA n'est pas responsable des dommages causés par ses appareils, dans la mesure où ces dommages seraient causés suite à une réparation non conforme, dans la mesure où, lors d'un échange de pièces, les pièces d'origine GARDENA n'auraient pas été utilisées, ou si la réparation n'a pas été effectuée par le Service Après-Vente GARDENA ou l'un des Centres SAV agréés GARDENA. Ceci est également valable pour tout ajout de pièces et d'accessoires autres que ceux préconisés par GARDENA.</p>
<p>NL <i>Productaansprakelijkheid</i></p>	<p>Wij wijzen er nadrukkelijk op, dat wij op grond van de wet aansprakelijkheid voor producten niet aansprakelijk zijn voor schade ontstaan door onze apparaten, indien deze door onvakkundige reparatie veroorzaakt zijn, of er bij het uitwisselen van onderdelen geen gebruik gemaakt werd van onze originele GARDENA onderdelen of door ons vrijgegeven onderdelen en de reparatie niet door de GARDENA technische dienst of de bevoegde vakman uitgevoerd werd. Ditzelfde geldt voor extra-onderdelen en accessoires.</p>
<p>S <i>Produktansvar</i></p>	<p>Tillverkaren är inte ansvarig för skada som orsakats av produkten om skadan beror på att produkten har reparerats felaktigt eller om, vid reparation eller utbyte, andra än Original GARDENA reservdelar har använts. Samma sak gäller för kompletteringsdelar och tillbehör.</p>
<p>I <i>Responsabilità del prodotto</i></p>	<p>Si rende espressamente noto che, conformemente alla legislazione sulla responsabilità del prodotto, non si risponde di danni causati da nostri articoli se originati da riparazioni eseguite non correttamente o da sostituzioni di parti effettuate con materiale non originale GARDENA o comunque da noi non approvato e, in ogni caso, qualora l'intervento non venga eseguito da un centro assistenza GARDENA o da personale specializzato autorizzato. Lo stesso vale per le parti complementari e gli accessori.</p>
<p>E <i>Responsabilidad de productos</i></p>	<p>Advertimos que conforme a la ley de responsabilidad de productos no nos responsabilizamos de daños causados por nuestros aparatos, siempre y cuando dichos daños hayan sido originados por arreglos o reparaciones indebidas, por recambios con piezas que no sean piezas originales GARDENA o bien piezas autorizadas por nosotros, así como en aquellos casos en que la reparación no haya sido efectuada por un Servicio Técnico GARDENA o por un técnico autorizado. Lo mismo es aplicable para las piezas complementarias y accesorios.</p>
<p>P <i>Responsabilidade sobre o produto</i></p>	<p>Queremos salientar que segundo a lei da responsabilidade do fabricante, nós não nos responsabilizaremos por danos causados pelo nosso equipamento, quando estes ocorram em decorrência de reparações inadequadas ou da substituição de peças por peças não originais da GARDENA, ou peças não autorizadas. A responsabilidade tornar-se-à nula também depois de reparações realizadas por oficinas não autorizadas pela GARDENA. Esta restrição valerá também para peças adicionais e acessórios.</p>
<p>DK <i>Produktansvar</i></p>	<p>Vi gør udtrykkeligt opmærksom på at i henhold til produktansvarsloven er vi ikke ansvarlige for skader forårsaget af vores udstyr, hvis det skyldes uautoriserede reparationer eller hvis dele er skiftet ud og der ikke er anvendt originale GARDENA dele eller dele godkendt af os, eller hvis reparationerne ikke er udført af GARDENA-service eller en autoriseret fagmand. Det samme gælder for ekstra udstyr og tilbehør.</p>
