GARDENA Turbotrimmer ProCut 800 / 1000

Translation of the original instructions from German.

Please read these operating instructions carefully and observe the information they contain. Use these operating instructions to familiarise yourself with the GARDENA Turbotrimmer, its proper use and the notes on safety.

For safety reasons, children under the age of 16 as well as people who are not familiar with the operating instructions, should not use the Turbotrimmer. Persons with reduced physical or mental abilities may use the product only if they are supervised or instructed by a responsible person. Children must be supervised to ensure that they do not play with the product.

→ Please keep these instructions in a safe place.

1. Where to Use Your GARDENA Turbotrimmer

Proper use

The GARDENA Turbotrimmer is designed for trimming and cutting areas of grass and lawns in private house and hobby gardens.

The Turbotrimmer must not be used in public facilities, parks, sports grounds, next to roads or in agriculture or forestry.

Please note

For safety reasons, the GARDENA Turbotrimmer must not be used for hedge trimming or for shredding for composting.

2. Safety Instructions

→ Please read the notes on safety on the Turbotrimmer.

CAUTION!

→ Always read the operating instructions before using your Turbotrimmer.

DANGER! Risk of electric shock!

→ Keep your Turbotrimmer away from water and rain!

DANGER! Risk of injury to other people!

→ Keep other people out of the area where you are working.

DANGER! Tool does not stop immediately when turned off!

→ Keep your hands and feet out of the area where you are working until the cutting filament is stationary!

DANGER!

Risk of injury to eyes!
→ Always wear eye protection!

Check your Turbotrimmer before each use

- Always visually inspect your Turbotrimmer before each use.
- Check that the ventilation slots are not obstructed in any way.

Do not use your Turbotrimmer if the safety devices (push button, safety cover) and/or the filament cassette are damaged or worn.

- Never bypass the safety devices.
- Inspect the area to be cut before you begin work. Remove any debris (such as stones). Look out for debris (such as stones) while you are working.
- If you should come across any debris while cutting, turn off the Turbotrimmer. Remove the debris and check the Turbotrimmer for any damage. If necessary have your Turbotrimmer repaired.

Use / responsibility

The Turbotrimmer can cause serious injuries. Children must be supervised to ensure that they do not use or play with the trimmer.

- Use the Turbotrimmer only for the purpose specified in these operating instructions.

You are responsible for the safety in the area where you are working.

- Ensure that there are no other people (especially children) or animals within or near the area where you are working.
- Never operate the machine with damaged guards or without the guards in place.

Unplug the mains plug after use and check your Turbotrimmer, especially the filament cassette, regularly for damage. Have your Turbotrimmer repaired and/or replace the filament cassette if necessary.

- Always wear an eye shield or safety goggles!
- Wear sturdy shoes and long trousers to protect your legs. Keep your fingers and feet away from the cutting filament – above all when starting work.
- Always ensure that you have a secure foothold whilst working.
- Keep the extension cable away from the area you are cutting.

Take extra care when walking backwards. You may stumble!

- Only work in the daylight or when visibility is good.

Take care against injury from any device fitted for trimming the filament line length.

After extending new cutter line always return the machine to its normal operating position before switching on.

Interrupting work

- Never leave the Turbotrimmer unattended where you are working.
- If you stop work, unplug the mains plug and store your Turbotrimmer in a safe place.
- If you stop work in order to move to another part of the garden, always switch off the Turbotrimmer, wait until the tool stops and then unplug the mains plug.

Familiarise yourself with the surroundings

- Familiarise yourself with the surroundings and look out for possible dangers which you may not hear due to machine noise.
- Never use the Turbotrimmer when it is raining or in damp, wet areas.
- Do not operate your Turbotrimmer directly next to swimming pools or garden ponds.

Electrical safety**Check the power cord regularly for damage and signs of wear and tear.**

Do not use your Turbotrimmer if the power cord is damaged.

- If the mains cord or extension cable is damaged while you are working, unplug the mains plug immediately.
Do not touch the cable until the mains plug is switched off.

If the mains cord is damaged, it must be replaced by a GARDENA service centre or similarly qualified person.

The socket of the extension cable you are using must be waterproof.

- Only use extension cables designed for outdoor use.
- Ask your electrician.

For all portable units that are operated outdoors we recommend using a residual current device (RCD) with a tripping current of not more than 30mA.

In Switzerland the use of a residual-current device is obligatory.

3. Assembly

Fitting the guard:

1. Undo the knots in the cutting filaments ①.
2. **1** Fit the guard ② vertically onto the cutting head ③ and
2 turn 180° (bayonet fitting) until the connection clicks into place. *When doing this the cutting filaments must not get trapped.*

ProCut 1000

Fitting the handle:

1. Unscrew the orange screw cover ④ anti-clockwise.
2. Remove grip holder ⑥.
3. Fit the handle ⑤. *The handle with the start button ⑳ must be on the right hand side in the working position.*
4. Fit the grip holder ⑥ onto the handle.
5. Screw the orange screw cover ④ clockwise securely to fix the handle ⑤.

4. Operation

RISK OF INJURY !

Risk of injury if the Turbotrimmer does not switch off when you release the start button.

→ Never bypass the safety devices or switches (e.g. by tying the safety lock to the handle).

Connecting the Turbotrimmer:

1. Remove the orange blade cover ⑧.
2. Insert the extension cable ⑨ into the cable lock ⑩ on the upper part of the trimmer ⑪.
3. Plug the plug ⑫ of the trimmer into the socket ⑬ of the extension cable.
4. Plug the extension cable into a 230 V mains power supply.

Put the trimmer in the working position:

Try to ensure that the cutting filament does not come into excessive contact with hard objects (walls, stones, fences etc.) to prevent the filaments fusing together or snapping.

1. Fit the carrying strap ⑭ into the hole ⑮ (ProCut 1000, 3 holes).
2. Put the strap ⑭ around you and adjust it to your size.
3. Hold the trimmer by the top of the handle ⑪ and the additional handle ⑯ or handle ⑤ so that the cutting head ③ is tilted slightly forward.

ProCut 800 only:

1. Undo the tightening nut ⑰, push the additional handle ⑯ into the required place and tighten the nut ⑰ by hand.
2. Press the push buttons ⑱ on both sides. Set the additional handle to the required angle ⑯ and release the push buttons again.

Starting the trimmer:

Switching the trimmer on:

1. Press and hold the safety lock ⑲ and then press the start button ⑳ on the handle.
2. Release the safety lock ⑲ again.

Switching the trimmer off:

- Release the start button ⑳ on the handle.

Filament feed (Tap mechanism):

The tap mechanism works **when the motor is running**. A clean cut is only achieved with the maximum filament length.

1. Start the trimmer.
2. Hold the cutting head ③ parallel to the ground and tap the trimmer with the cutting head ③ on the ground (avoid sustained pressure).

The cutting filaments ① lengthen automatically with an audible switching sound. The filament limiter ⑳ adjusts the filament to the correct length. If necessary tap several times one after the other.

Interrupting work:

The two knobs ② can be used to lay the trimmer on the ground, for example. Doing this does not put unnecessary strain on the cutting head.

5. Storage

Storage:

The Turbotrimmer must be stored out of the reach of children.

1. Replace the orange blade cover ⑧.
2. Store the trimmer in a dry, frost free place.

Recommendation for the ProCut 1000:

The handle ⑤ can be rotated 90° to save space when storing.

- Loosen the orange screw cover ④, remove grip holder ⑥, rotate handle ⑤ through 90° and fit grip holder ⑥ again and tighten the orange screw cover ④ on again.

**Disposal:**

(in accordance with
RL2002/96/EC)

The product must not be added to normal household waste. It must be disposed of in line with local environmental regulations.

- Important: Make sure that the unit is disposed of via your municipal recycling collection centre.

6. Maintenance

RISK OF INJURY !

There is a risk of injury from the cutting filament!

- Always unplug the mains plug of the Turbotrimmer before carrying out maintenance work!

RISK OF INJURY !

Risk of injury and risk of damage to property!

- Never clean the Turbotrimmer under running water or with a water jet (in particular a high pressure water jet).

The ventilation slots must always be free of dirt.

Cleaning the guard:

- After each use remove grass and dirt residue from the guard ②.

Replacing the filament cassette:

RISK OF INJURY !

→ Never use metallic cutting elements or replacement parts and accessories not provided by GARDENA.

Only use original GARDENA Filament Cassettes. You can order Replacement Filament Cassettes from your GARDENA dealer or directly from the GARDENA Customer Service.

- Filament Cassette for Turbotrimmer ProCut 800 / 1000: **Art. No. 5308**

- Unplug the mains plug.
 - Grip the filament cassette holder (23) and unscrew the cassette cover (24).
 - Remove the filament cassette (25) from the cassette holder (23) and untwist the spring.
 - Remove any dirt.
 - Pull about 10 cm of the filament (1) from the new cassette (25) out through the slot (26) in the cassette.
 - Turn the spring (27) into the new filament cassette (25) and thread the cutting filaments (1) into the filament cassette holder (23).
 - Insert the cassette (25) into the cassette holder (23) and turn it so that the markings (28) on the cassette are visible in the holes in the cassette holder (23). *When doing this the cutting filaments must not get trapped.*
 - Insert the cassette holder and the cassette until the end of the spindle (29) sticks out about 5 mm.
 - Screw the cassette cover (24) onto the end of the spindle (29).
- If the markings (28) cannot be turned until they are under the holes, turn the cassette (25) to and fro until it fits into the cassette holder (23) properly.

7. Troubleshooting

RISK OF INJURY !

Risk of injury from the cutting filament!

→ Always unplug the mains plug of the Turbotrimmer before troubleshooting.

Releasing a cutting filament that has gone into the cassette or which has fused:

If the cutting filament has disappeared into the filament cassette or the tap mechanism still doesn't work after pulling the cutting filament (1) it may be fused together in the filament cassette (25).

- Unplug the cable from the mains.
- Remove the filament cassette (25) as described in 6. Maintenance "Replacing the filament cassette".

3. Unwind the cutting filament ①, clean the filament cassette ⑳ and the cutting filament ① and wind the cutting filament ① onto the cassette ㉔ once more.
4. Insert the filament cassette again as described under 6. Maintenance "Replacing the filament cassette".

Note:

The cassette cover ㉔ can also be pressed by hand to lengthen the filament manually.

Fault	Possible cause	Remedy
The Turbotrimmer no longer cuts	Filament cassette empty.	→ Replace the filament cassette (see 6. Maintenance "Replacing the filament cassette").
	Blade cover not removed.	→ Remove blade cover.
	Tap mechanism doesn't work because the filament has disappeared into the cassette or fused.	→ Remove filament that has disappeared into the cassette or fused (see above).

In the event of other faults please contact GARDENA Service. Repairs should only be carried out by GARDENA service centres or dealers authorised by GARDENA.

9. Service / Warranty

GARDENA guarantees this product for 2 years (from date of purchase). This guarantee covers all serious defects of the unit that can be proved to be material or manufacturing faults. Under warranty we will either replace the unit or repair it free of charge if the following conditions apply:

- The unit must have been handled properly and in keeping with the requirements of the operating instructions.
- Neither the purchaser or a non-authorized third party have attempted to repair the unit.

The filament cassette and cassette cover are consumables and are not covered by the guarantee.

This manufacturer's guarantee does not affect the user's existing warranty claims against the dealer/seller.

If a fault occurs with your Turbotrimmer, please return the faulty unit together with a copy of the receipt and a description of the fault, with postage paid to one of the GARDENA Service Centres listed on the back of these operating instructions.

D Produkthaftung

Wir weisen ausdrücklich darauf hin, dass wir nach dem Produkthaftungsgesetz nicht für durch unsere Geräte hervorgerufene Schäden einzustehen haben, sofern diese durch unsachgemäße Reparatur verursacht oder bei einem Teileaustausch nicht unsere Original GARDENA Teile oder von uns freigegebene Teile verwendet werden und die Reparatur nicht vom GARDENA Service oder dem autorisierten Fachmann durchgeführt wird. Entsprechendes gilt für Ergänzungsstücke und Zubehör.

GB Product Liability

We expressly point out that, in accordance with the product liability law, we are not liable for any damage caused by our units if it is due to improper repair or if parts exchanged are not original GARDENA parts or parts approved by us, and, if the repairs were not carried out by a GARDENA Service Centre or an authorised specialist. The same applies to spare parts and accessories.

F Responsabilité

Nous vous signalons expressément que GARDENA n'est pas responsable des dommages causés par ses appareils, dans la mesure où ces dommages seraient causés suite à une réparation non conforme, dans la mesure où, lors d'un échange de pièces, les pièces d'origine GARDENA n'auraient pas été utilisées, ou si la réparation n'a pas été effectuée par le Service Après-Vente GARDENA ou l'un des Centres SAV agréés GARDENA. Ceci est également valable pour tout ajout de pièces et d'accessoires autres que ceux préconisés par GARDENA.

NL Productaansprakelijkheid

Wij wijzen er nadrukkelijk op, dat wij op grond van de wet aansprakelijkheid voor producten niet aansprakelijk zijn voor schade ontstaan door onze apparaten, indien deze door onvakkundige reparatie veroorzaakt zijn, of er bij het uitwisselen van onderdelen geen gebruik gemaakt werd van onze originele GARDENA onderdelen of door ons vrigegeven onderdelen en de reparatie niet door de GARDENA technische dienst of de bevoegde vakman uitgevoerd werd. Ditzelfde geldt voor extra-onderdelen en accessoires.

S Produktansvar

Tillverkaren är inte ansvarig för skada som orsakats av produkten om skadan beror på att produkten har reparerats felaktigt eller om, vid reparation eller utbyte, andra än Original GARDENA reservdelar har använts. Samma sak gäller för kompletteringsdelar och tillbehör.

DK Produktansvar

Vi gør udtrykkeligt opmærksom på at i henhold til produktansvarsloven er vi ikke ansvarlige for skader forårsaget af vores udstyr, hvis det skyldes uautoriserede reparationer eller hvis dele er skiftet ud og der ikke er anvendt originale GARDENA dele eller dele godkendt af os, eller hvis reparationerne ikke er udført af GARDENA-service eller en autoriseret fagmand. Det samme gælder for ekstra udstyr og tilbehør.

FIN Tuotevastuu

Korostamme nimenomaan, että tuotevastuulain nojalla emme ole vastuussa laitteistamme johtuneista vahingoista, mikäli nämä ovat aiheutuneet epäasianmukaisesta korjauksesta tai osia vaihdettaessa ei ole käytetty alkuperäisiä GARDENA- varaosia tai hyväksymämme osia ja korjauksen on suorittanut muu kuin GARDENA -huoltokeskus tai valtuuttamamme ammattihenkilö. Tämä pätee myös lisäosiin ja lisävarusteisiin.

I Responsabilità del prodotto

Si rende espressamente noto che, conformemente alla legislazione sulla responsabilità del prodotto, non si risponde di danni causati da nostri articoli se originati da riparazioni eseguite non correttamente o da sostituzioni di parti effettuate con materiale non originale GARDENA o comunque da noi non approvato e, in ogni caso, qualora l'intervento non venga eseguito da un centro assistenza GARDENA o da personale specializzato autorizzato. Lo stesso vale per le parti complementari e gli accessori.

E Responsabilidad de productos

Advertimos que conforme a la ley de responsabilidad de productos no nos responsabilizamos de daños causados por nuestros aparatos, siempre y cuando dichos daños hayan sido originados por arreglos o reparaciones indebidas, por recambios con piezas que no sean piezas originales GARDENA o bien piezas autorizadas por nosotros, así como en aquellos casos en que la reparación no haya sido efectuada por un Servicio Técnico GARDENA o por un técnico autorizado. Lo mismo es aplicable para las piezas complementarias y accesorios.

P Responsabilidade sobre o produto

Queremos salienter que segundo a lei da responsabilidade do fabricante, nós não nos responsabilizaremos por danos causados pelo nosso equipamento, quando estes ocorrerem em decorrência de reparações inadequadas ou da substituição de peças por peças não originais da GARDENA, ou peças não autorizadas. A responsabilidade tornar-se-á nula também depois de reparações realizadas por oficinas não autorizadas pela GARDENA. Esta restrição valerá também para peças adicionais e acessórios.
