Translation of the original German operating instructions.

Please read the operating instructions carefully and observe the notes given. Use these operating instructions to familiarise yourself with the product, the proper use and the safety instructions.

Never operate the product when you are tired, ill or under the influence of alcohol, drugs or medicine.

This product may be used under supervision, or if instruction regarding the safe use of the product has been provided and the resulting dangers have been understood, by children aged 8 and above, as well as by persons with physical, sensory or mental disabilities or a lack of experience and knowledge. Children must not be allowed to play with the product. Cleaning and user maintenance must not be performed by children without supervision. The use of this product by young people under the age of 16 is not recommended.

→ Keep these operating instructions in a safe place.

12. Service/Warranty	34

1. Area of application of your GARDENA Electronic Pressure Pump

Correct use:

GARDENA Electronic Pressure Pumps have been designed for private use around the house and garden. Electronic Pressure Pumps are predominantly used for operating watering systems and systems in private gardens.

When using the pump for pressure intensification, the maximum permissible internal pressure of 6 bar (on the delivery side) must not be exceeded. The delivery pressure to be increased and the pump pressure have to be added together.

- Example: pressure at the tap = 1.0 bar, maximum pressure of the Electronic Pressure Pump Comfort 5000/5E LCD = 4.5 bar, total pressure = 5.5 bar.

Liquids pumped:

The GARDENA Electronic Pressure Pump can be used for pumping rainwater, tap water and chlorinated swimming pool water.

Please note:

The GARDENA Electronic Pressure Pump is not suitable for continuous operation (e.g. industrial applications, continuous circulating operation). Corrosive, easily combustible, aggressive or explosive liquids (such as gasoline, petroleum or nitrothinner), saltwater and food intended for consumption must not be pumped. The temperature of the liquid must not exceed 35 °C. Before the beginning of the frost period, the Electronic Pressure Pump must be drained and placed in frost-proof storage (see 7. Storage).

2. Safety Instructions

Electrical safety

DANGER! Electric shock!

Risk of injury due to electric shock!

→ Always unplug your pump before filling, after operation, before troubleshooting and before carrying out any maintenance work.

The pump must be supplied through a residual current device (RCD) having a rated residual operating current not exceeding 30 mA.

The pump must be located on solid, even ground, protected from flooding. Take care that the pump cannot fall into water.

As an additional safety device an approved safety switch can be used.

→ Please ask your electrician for his advice.

When connecting the pump to the water supply system, the country-specific sanitary regulations must be observed to prevent water not of drinking water quality being drawn back in.

Extension cables

Data indicated on the type plate must match the technical data of the mains supply.

Following DIN VDE 0620 the power cable as well as any extension cable must not have a smaller diameter than rubber sheathed cables described with letter symbols H07RN-F.

→ If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

Protect the power cable from heat, oil and sharp edges.

→ Do not use the power cable for carrying the pump or for unplugging.

In Austria

In Austria the electrical connection must satisfy the ÖVE-EM 42, T2 (2000)/1979 § 22 to § 2022.1. This requires that pumps used for swimming pools and garden ponds may only be powered through an isolating transformer.

→ Please ask your electrician for his advice.

In Switzerland

In Switzerland portable devices that are used outdoors must be connected through a residual-current device.

General Information

Risk of injury due to hot water!

If the electronic control is defective or if the water supply on the intake side of the pump fails, any water remaining in the pump may heat up, generating a risk of injuries caused by hot water on leakage.

→ Disconnect the pump from the mains via the main circuit breaker, let the water cool (approx. 10 – 15 min.) and secure the water supply on the intake side before putting into operation again.

Visual check

→ Before operating the pump, first make a visual check to ensure there is no damage to the pump (especially regarding power cable and plug).

A damaged pump must not be used.

→ In case of damage, please have the pump checked by our GARDENA Service Centre or by an authorised electrician.

Safety in operation

Protect the pump from rain. Do not use the pump in a wet or moist area.

In order to avoid dry-running of the pump, take care that the end of the suction hose is always submerged into the water.

→ Before each operation, fill the pump to overflowing with approx. 2 to 3 l of water to be pumped!

Very fine sand can pass through the integrated filter (mesh size 0.45 mm) and cause accelerated wear in the hydraulic parts.

→ For sandy water, you should additionally use the GARDENA pump pre-filter, art. no. 1730 (mesh size 0.1 mm).

Please ensure that no unauthorised persons or children are within reach of the pump and the pumped medium without supervision.

When using the pump for domestic water supply, please adhere to the local water and sewerage regulations. In addition observe the regulations of DIN 1988.

→ If necessary, contact your local water authority.

Warning! This pump produces an electromagnetic field during operation. This field may under some circumstances interfere with active or passive medical implants. To reduce the risk of serious or fatal injury, we recommend persons with medical implants to consult their physician and the medical implant manufacturer before operating this pump.

Danger! Small parts could be swallowed during assembly and there is a risk of suffocation from the polybag. Keep infants away during assembly.

3. Function

The Electronic Pressure Pump is equipped with an electronic control which automatically turns on the pump when the cut-in pressure has fallen and automatically switches off when no more water is extracted.

Low quantity programme:

The integrated small amount programme allows for trouble-free use of, for example, modern washing machines or drip irrigation systems even with low water flow.

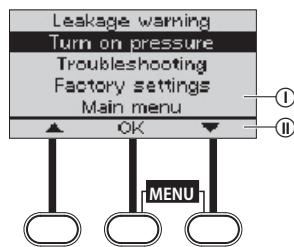

Error diagnosis system:

The pump has an error diagnosis system which shows different fault statuses and their remedies via the display (see 9. Troubleshooting).

Display

Updated information on the operating conditions can be shown depending on the display, and various settings can be undertaken.

The display consists of a display area ① and a toolbar ②, which states the respective functions of the 3 buttons below e.g.:

Left button

Scroll menu upwards to “Leakage warning”.

Centre button

Call up the “Turn on pressure” menu.

Right button

Scroll menu down to “Troubleshooting”.

4. Initial Operation

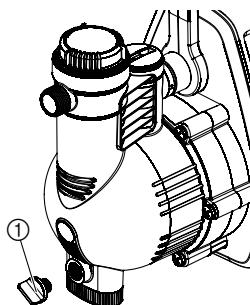

Positioning of Electronic Pressure Pump:

The installation position must be firm and dry, and permit a secure mounting for the Electronic Pressure Pump.

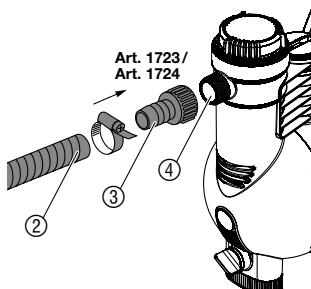

→ Install the Electronic Pressure Pump at a safe distance (min. 2 m) from the pumping medium.

The pump must be installed in a location with an air humidity of < 80 % and sufficient ventilation in the area of the ventilation slots. It must be at a distance of at least 5 cm from the walls. No dirt contamination (e.g. sand or earth) may be sucked in through the ventilation slots.

Installing the Electronic Pressure Pump:

Connect the hose to the suction side:

Set up the Electronic Pressure Pump so that it is prevented from slipping and that an appropriately large collecting vessel for draining the pump or the system can be placed under the drain screw ①.

If possible, install the unit higher than the water surface. If this is not possible, install a vacuum-resistant valve between the unit and the suction hose, for example for cleaning the integrated filter.

If the system is being installed permanently, please fit suitable valves on both the intake and delivery sides.

For example, important for maintenance and cleaning work on the pump or for shutdown.

The GARDENA connection pieces on the intake and delivery sides may only be tightened by hand. When using metal connections, damage could occur on the connection thread due to inappropriate assembly. Therefore, screw on the connection fittings with the upmost care.

Do not use any water hose snap connection system components on the intake side! A vacuum-tight suction hose must be used e.g.:

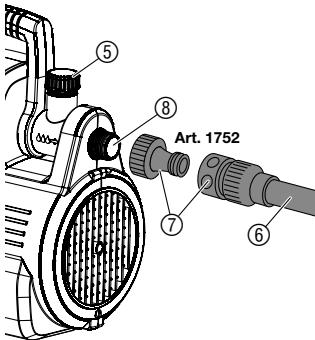

- GARDENA Suction Hose Art. no. 1411/1418
- GARDENA Bore Hole Suction Hose Art. no. 1729.

To reduce the pump repriming time, we recommend:

- Using a suction hose with backflow preventer, which prevents the suction hose emptying automatically when the Electronic Pressure Pump is switched off.
 - with larger suction heads, use a suction hose with a smaller diameter (3/4").
1. Connect the vacuum resistant suction hose, sold by the metre ②, using the suction hose fitting ③ (e.g. Art. no. 1723/1724) with the connector on the suction side ④ and screw on airtight.
 2. For suction heights exceeding 4 m also secure the suction hose (e.g. by fastening it to a wooden post). *This relieves the pump of the weight of the suction hose.*

If very fine dirt is present, we recommend the use of a **GARDENA pump preliminary filter Art. no. 1730/1731** in addition to the integrated filter.

Connect hose to output side:

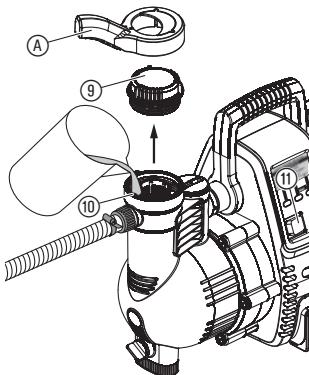

The hose can be connected either to the delivery side 33.3 mm (G 1)-thread of the 120° swivelling connection and/or of the horizontal connection. Use pressure-resistant hoses such as:

- GARDENA Garden Hose (3/4") Art. no. 18113 with GARDENA Connection Set Art. no. 1752.
1. Connect the delivery hose (6) over the connection set (7) with the connector on the delivery side (8).
 2. Seal the connection not required with the end cap (5) included in delivery.

If the pump is permanently installed indoors for domestic water supply, the Electronic Pressure Pump should not be connected to the domestic water pipework with rigid pipes but with flexible tubing (e.g. reinforced hoses), to reduce noise and to avoid damage to the pump caused by pressure blows.

5. Operation

Starting the Electronic Pressure Pump:

DANGER! Electric shock!

Risk of injury due to electric shock!

→ Before filling the Electronic Pressure Pump, unplug the equipment from the mains.

1. Unscrew the lid (9) of the filter chamber with the spanner (A) provided.
2. Open any shut-off devices in the delivery line (watering accessories, tap, etc.) so that air can escape before the priming procedure begins.
3. Empty any water remaining in the delivery hose so that the air can escape during filling and priming.
4. Slowly fill up the liquid to be pumped via the filler neck (10) up to the overflow (approx. 2 to 3 l), until the water level no longer drops under the suction side inlet.
5. Tighten the lid (9) of the filter chamber up to the stopper.
6. Insert mains plug into a 230 V/50 Hz AC socket.

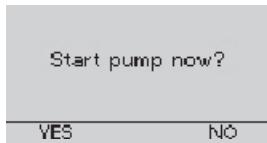

The specified max. self-priming suction height (see 10. Technical Data) is only achieved if the pump is filled until it overflows from the filter connection (10) and the delivery hose is held high enough during the first self-priming so that no water can escape from the pump via the delivery hose. It is not necessary to hold up the delivery hose if filled suction hoses with backflow preventer are used.

7. Change the switch (11) to I.
The switch is illuminated.

During commissioning, the display language must first be selected.

8. Select the required display language using the **right** or **left button** and confirm with the **centre button** **OK**.

9. The display now reads "Start pump now?"
Press the **left button** **YES**.

10. The pump starts after approx. 2 seconds and the GARDENA sun will rotate in the display during the suction process.

11. Close the shut-off devices in the delivery pipeline again when the pump begins to continuously convey water.

The suction process may take several minutes depending on the delivery head.

12. The pump turns off automatically approx. 10 seconds after closing the shut-off device. The normal operation (Standby) has been reached.

Displays in the LC display during the different operating conditions

Suction process (GARDENA sun rotates).

The suction process runs.

The pump conveys water.

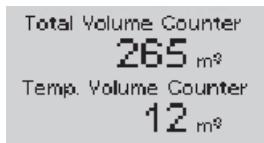

The current flow and the current pressure during operation are shown.

The Electronic Pressure Pump is ready for operation.

"Sleep mode", no water removal.

Delivery capacities (“Volume Counter”)

The total delivery capacity (since commissioning) and partial delivery capacity (“Temp. Volume”) (since last reset) are shown.

The “Volume Counter” display can be called up from the “Flow / Pressure” display or from the “Standby” display by pressing the **right button** (display for approx. 5 seconds).

Frost warning

The temperature in the pump was or is below 4 °C.
Put pump out of operation (see 7. Putting into Storage).

By pressing the **right button** ▾ and then confirming with the centre button OK, the normal operating display can be called up again.

6. Menu settings

Various pump functions can be called up and adjusted in the main menu.

Main menu

Call up the main menu (Electronic Pressure Pump in operation):

→ Press the **centre** and **right buttons simultaneously**, until the main menu is shown in the display.

Call up the main menu (Electronic Pressure Pump not in operation):

→ Keep the **centre** and **right buttons pressed simultaneously**, switch on the pump and wait until the main menu is shown in the display.

As long as the main menu is opened, the Electronic Pressure Pump interrupts operation for safety reasons.

The main menu has 4 menus:

1. Language

2. Info menu

3. Settings

4. Exit

→ Select the required menu with the **left** or **right button** and call up with the **centre button**.

1. Language

The display language can be selected in the “Language” menu.

→ Select the language with the **left** or **right button** and confirm with the **centre button**.

2. Info menu

The “Info menu” has 3 submenus:

2.1. Overview

2.2. Reset

2.3. Main menu

2.1. Overview

In the “Overview” submenu, the total delivery capacity, the partial delivery capacity (“Temp. Volume”), the turn on pressure, the leakage warning, the diagnosis system and the pump temperature are shown.

2.2. Reset

In the “Reset” submenu, the partial delivery capacity (“Temp. Volume”) can be reset to 0 and/or the min./max. pump temperature (Reset).

2.3. Main menu

Leads back to main menu.

3. Settings

The “Settings” menu has 5 submenus:

- 3.1. Leakage warning**
- 3.2. Turn on pressure**
- 3.3. Troubleshooting**
- 3.4. Factory settings**
- 3.5. Main menu**

3.1. Leakage warning (Low quantity programme)

In the “Leakage warning” submenu, the alert time of the leakage warning can be set. The leakage warning can be triggered after either 60 minutes or 2 minutes. The leakage warning can be switched off under “Off”.

The set leakage warning parameters have a direct influence on operation in the low quantity programme. Connecting devices (e.g. modern washing machines, drip irrigation systems, etc.) with low water consumption can be operated as follows:

Settings	Use	Operating duration
“ON (60 min)”	As Low quantity programme for consumers with low water consumption (e.g. washing machines, drip irrigation systems).	→ Up to 60 minutes (Leakage warning is, if applicable, triggered after 60 minutes).
“ON (2 min)”	As maximum protection against drip water leakages.	→ Drip water alert after 2 minutes.
“OFF”	As Small amount programme for consumers with low water consumption (e.g. washing machines, drip irrigation systems).	→ Unlimited (Note: No leakage warning in this mode).

Note: The cyclical activation and deactivation of the Electronic Pressure Pump in small amount mode is due to the system design and does not have any impact on pump life.

3.2. Turn on pressure

In the “Turn on pressure” submenu, the cut-in pressure is set to the maximum value at the factory. It can be reduced in 0.2 bar steps to 2.0 bar.

3.3. Troubleshooting

In the “Troubleshooting” menu, the troubleshooting can be switched on and off. When the troubleshooting is switched on, the most frequent causes and their remedies are shown directly in the display. When the troubleshooting is switched off, only the error code will appear on the display. Under “9. Troubleshooting”, the appropriate causes and remedies can be found.

3.4. Factory settings

All settings can be reset to the delivery status in the “Factory settings” submenu. On reset, the leakage warning is set to 60 minutes, the cut-in pressure (“Turn on pressure”) is set to the maximum value and the troubleshooting to “On”.

3.5. Main menu

Leads back to main menu.

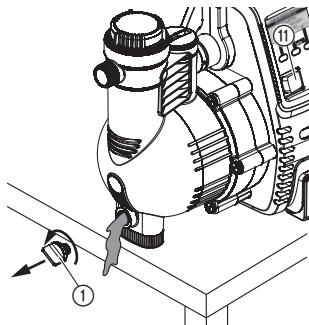

4. Exit

Closes the main menu.

The pump can now be restarted.

7. Storage

To put into storage:

If there is a risk of frost, the Electronic Pressure Pump must be emptied and stored where it will not become frozen.
Store out of the reach of children.

1. Change the switch ⑪ to **O**.
2. Unplug the mains connection for the pump.
3. Open the delivery side consumer.
4. Remove the connected hoses on the pressure and suction sides.
5. Unscrew drain bolt ①.
6. Tilt the pump to the suction and pressure side until water is no longer discharged from either side.
7. Store the pump in a frost-free, dry place.

Disposal:

(in accordance with
RL 2012/19/EU)

The unit must not be disposed of with normal household waste but must be disposed of in accordance with local environmental regulations.

8. Maintenance

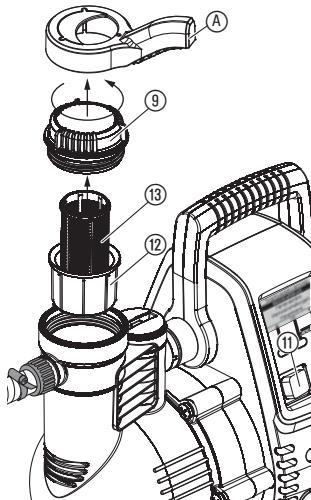

Danger! Electric shock!

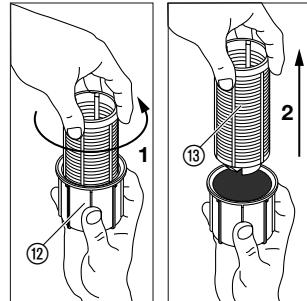

Risk of injury due to electric shock!

→ Pull out mains plug before undertaking any maintenance.

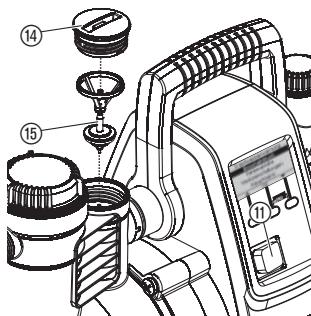

Clean built-in filter:

1. Change the switch ⑪ to 0.
2. Disconnect mains plug.
3. If necessary, close all the shut-off devices on the intake side.
4. Unscrew the lid ⑨ of the filter chamber with the spanner A provided.
5. Draw out filter unit ⑫ ⑬ vertically upwards.
6. Hold cup ⑫ firmly, turn filter ⑬ anti-clockwise 1 and draw out 2 (bayonet fitting).
7. Hold cup ⑫ under running water and clean the filter ⑬ e. g. with a soft brush.
8. Refit filter again in reverse order.
9. Switch Electronic Pressure Pump on again (see 5. Operation).

Cleaning the check valve:

1. Change the switch ⑪ to 0.
2. Disconnect mains plug.
3. If necessary, close all valves on the intake side.
4. Open all tapping points so that the pressure side is depressurised. Then close the tapping points again in order to prevent the connected lines running empty via the Electronic Pressure Pump.
5. Screw out the cover ⑭ of the check valve using a suitable tool.
6. Remove the valve body ⑮ and wash it under running water.
7. Refit check valve again in reverse order.
8. Switch Electronic Pressure Pump on again (see 5. Operation).

DANGER! Electric shock!

→ Unplug the cable at the mains before troubleshooting.

Work on the electrical parts must only be carried out by GARDENA Service Centres.

Error diagnosis system

In case of a fault, the error diagnosis system shows the appropriate fault statuses and their remedies via different display images.

☒ ERROR 1

- Pump not filled
- Pump blocked
- Pump outlet closed

ACTION

☒ ERROR 2

- Problem on suction side
- Motor overheated

ACTION

☒ ERROR 3

- Problem on suction side
- Motor overheated

ACTION

☒ ERROR 4

- Small leakage warning triggered

ACTION

Problem during commissioning.

(In case of fault, display appears 30 seconds after the Electronic Pressure Pump is switched on)

Problem during running operation.

(In case of fault, display appears 30 seconds after the Electronic Pressure Pump is switched on)

Problem during running operation.

(In case of fault, display appears, depending on the setting, 2 or 60 minutes after the Electronic Pressure Pump is switched on)

If one of the 4 errors has occurred, the most frequent causes and their remedies can be called up in the display under "ACTION".

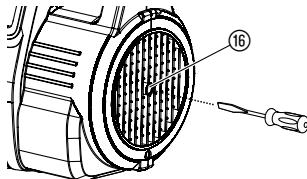

Please note:

Prior to searching for a fault, the Electronic Pressure Pump must always be disconnected from the mains. However, the error display is retained even after switching the Electronic Pressure Pump off and on again, so that further remedy displays can be called up. After inspection of each suggested remedy measure, the error display can be reset by pressing "RESET" and the Electronic Pressure Pump can be restarted.

Problem	Possible Cause	Remedy
<p> ERROR 1</p> <ul style="list-style-type: none"> - Pump not filled - Pump blocked - Pump outlet closed 		
	ACTION	
The pump sucks nothing up	<p>Pump was not sufficiently filled with liquid to be pumped.</p> <p>Air cannot escape on the pressure side, because the pressure side outlets are closed.</p>	<p>→ Fill and secure the pump so that water does not drain out on the pressure side during the suctioning process (see 5. Operation).</p> <p>→ Open the pressure side outlets (see 5. Operation).</p>
Pump motor does not start	<p>Thermal circuit breaker activated and the pump housing is heated.</p> <p>Pump is blocked.</p>	<ol style="list-style-type: none"> 1. Change the switch to O. 2. Open possible existing shut-off device in the pressure line (release pressure). 3. Ensure sufficient ventilation and allow the pump to cool for approx. 20 min. 4. Restart the pump (see 5. Operation). <p>→ Manually remove the blockage (see “<i>loosen impellers</i>”).</p> <p>→ Allow the pump to cool down for 20 minutes.</p>
Flow Sensor signal faulty	Flow Sensor blocked.	<p>→ Clean Flow Sensor (see “<i>Clean Flow Sensor</i>”).</p>

Problem	Possible Cause	Remedy
 ERROR 2 - Problem on suction side - Motor overheated		
ACTION		
The pump sucks nothing up	Problem on pump side.	<ul style="list-style-type: none"> → Immerse suction hose end under water, → eliminate any leak on the suction side, → clean check valve on the suction line and check the mounting direction, → clean suction filter on the suction hose end, → clean filter lid seal and screw lid until the stopper (see 7. Maintenance), → clean fine-mesh filter in the pump.
Pump motor does not start	Suction hose deformed.	→ Use a new suction hose.
	Thermal circuit breaker activated (motor overheated).	→ Allow the pump to cool down for 20 minutes.
 ERROR 3 - Problem on suction side - Motor overheated		
ACTION		
Water supply disrupted on the suction side	Problem on pump side.	<ul style="list-style-type: none"> → Immerse suction hose end under water, → eliminate leak on the suction side, → clean check valve on the suction line and check the mounting direction, → clean suction filter on the suction hose end, → clean filter lid washer and screw lid until the stop (see 8. Maintenance), → clean fine-mesh filter in the pump.
Flow Sensor signal faulty	Suction hose bent.	→ Use a new suction hose.
	Flow Sensor blocked.	→ Clean Flow Sensor (see "Clean Flow Sensor").
Pump motor does not start anymore	Thermal circuit breaker activated (motor overheated).	→ Allow the pump to cool down for 20 minutes.

Problem	Possible Cause	Remedy
☒ ERROR 4 - Small leakage warning triggered		
	ACTION	
Leakage warning activated	<p>Leak on pressure side (e.g. dripping tap).</p> <p>Maximum operating time of set leakage warning/low quantity programme exceeded.</p> <p>Check valve contaminated.</p> <p>Flow meter contaminated.</p>	<p>→ Eliminate leak on pressure side.</p> <p>→ Change “Water drip alert” settings.</p> <p>→ Increase water consumption.</p> <p>→ Clean check valve in pump (see 8. Maintenance).</p> <p>→ Clean flow meter in pump (see 8. Maintenance).</p>
Pump motor does not start or stops suddenly during operation	<p>Switch is not turned to I.</p> <p>Mains plug not plugged in.</p> <p>Power failure.</p>	<p>→ Restart the pump (see 5. Operation).</p> <p>→ Insert mains plug into a mains socket (230 V AC).</p> <p>→ Check fuse and cables.</p>
Remedy measures are not shown	Troubleshooting not activated.	→ Switch Troubleshooting to “On” (see 6. Menu settings).
No display	<p>FI was triggered because fault current was detected.</p> <p>Power failure.</p> <p>Electrical interruption.</p> <p>Direct sun irradiation (display temperature > 65 °C).</p>	<p>→ Disconnect pump and contact GARDENA Service.</p> <p>→ Check fuse and cables.</p> <p>→ Send pump to GARDENA Service.</p> <p>→ The function is retained. The display appears once the temperature has dropped.</p>

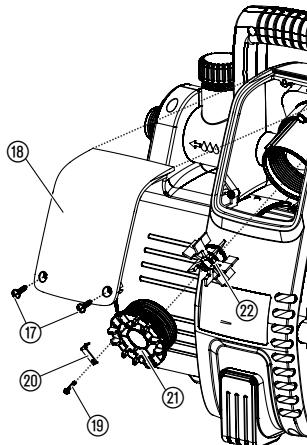

Free the impeller:

An impeller blocked by dirt can be freed again.

→ Turn motor shaft ⑯ using a screw driver.
This will free the blocked impeller.

Cleaning the flow sensor:

If the flow sensor is dirty, this may result in wrong error messages (Info-LED).

1. Unscrew both screws ⑯.
2. Remove the cover ⑯.
3. Undo the screw ⑯ and detach the clip ⑰.
4. Unscrew the cap ⑱ anticlockwise (e.g. by using a screwdriver).
5. Remove the impeller ⑲ and clean it. Clean the housing of the flow sensor.
6. Re-fit the impeller ⑲ with the metal part in the mounting direction.
7. Screw the cap ⑱ into place clockwise.
8. Secure the cap ⑱ by way of the clip ⑰ using the screw ⑯.
9. First insert the cover ⑯ at the top and then tighten the two screws ⑯ at the bottom.

For any other malfunctions please contact the GARDENA service department.
Repairs must only be carried out by GARDENA service departments or specialist dealers authorised by GARDENA.

10. Available accessories

GARDENA Suction Hoses	Kink and vacuum-resistant, sold by the metre with 19 mm (3/4"), 25 mm (1") or 32 mm (5/4") diameter without fittings or in fixed lengths Art. no. 1411/1418, complete with fittings, suction filter and backflow preventer.	
GARDENA Suction Hose Fittings	For vacuum-resistant connection of the pump to the suction hose sold by the metre.	Art. no. 1723/1724
Suction Filter with Backflow Preventer	To equip suction hoses with Backflow Preventer sold by the metre.	Art. no. 1726/1727
GARDENA Pump Preliminary Filter	Recommended for pumping sandy water.	Art. no. 1730/1731
GARDENA Bore Hole Suction Hose	For vacuum-resistant connection of the pump to boreholes or pipe networks. Length 0.5 m. With 33.3 mm (G1) female thread at both ends.	Art. no. 1729
GARDENA Connection Set	Connection Set for 1/2" Pressure Hoses	Art. no. 1750

12. Service/Warranty

Warranty:

GARDENA guarantees this product for 2 years (from date of purchase). This guarantee covers all serious defects of the unit that can be proved to be material or manufacturing faults. Under warranty we will either replace the unit or repair it free of charge if the following conditions apply:

- The unit must have been handled properly and in keeping with the requirements of the operating instructions.
- Neither the purchaser or a non-authorised third party have attempted to repair the unit.

The impellers, filter and jet nozzles, which are subject to wear, are excluded from the warranty.

This manufacturer's guarantee does not affect the user's existing warranty claims against the dealer/seller.

If you have any problems with this product, please contact our Service or return the defective unit together with a short description of the problem – in case of guarantee, with a copy of the receipt – postage paid to one of the GARDENA Service Centres listed on the back of this leaflet.

D Produkthaftung

Wir weisen ausdrücklich darauf hin, dass wir nach dem Produkthaftungsgesetz nicht für durch unsere Geräte hervorgerufene Schäden einzustehen haben, sofern diese durch unsachgemäße Reparatur verursacht oder bei einem Teiletausch nicht unsere originale GARDENA Teile oder von uns freigegebene Teile verwendet wurden und die Reparatur nicht vom GARDENA Service oder dem autorisierten Fachmann durchgeführt wird. Entsprechendes gilt für Ergänzungsteile und Zubehör.

GB Product Liability

We expressly point out that, in accordance with the product liability law, we are not liable for any damage caused by our units if it is due to improper repair or if parts exchanged are not original GARDENA parts or parts approved by us, and, if the repairs were not carried out by a GARDENA Service Centre or an authorised specialist. The same applies to spare parts and accessories.

F Responsabilité

Nous vous signalons expressément que GARDENA n'est pas responsable des dommages causés par ses appareils, dans la mesure où ces dommages seraient causés suite à une réparation non conforme, dans la mesure où, lors d'un échange de pièces, les pièces d'origine GARDENA n'auraient pas été utilisées, ou si la réparation n'a pas été effectuée par le Service Après-Vente GARDENA ou l'un des Centres SAV agréés GARDENA. Ceci est également valable pour tout ajout de pièces et d'accessoires autres que ceux préconisés par GARDENA.

NL Productaansprakelijkheid

Wij wijzen er nadrukkelijk op, dat wij op grond van de wet aansprakelijkheid voor producten niet aansprakelijk zijn voor schade ontstaan door onze apparaten, indien deze door onvakkundige reparatie veroorzaakt zijn, of er bij het uitwisselen van onderdelen geen gebruik gemaakt werd van onze originele GARDENA onderdelen of door ons vrijgegeven onderdelen en de reparatie niet door de GARDENA technische dienst of de bevoegde vakman uitgevoerd werd. Ditzelfde geldt voor extra-onderdelen en accessoires.

S Produktansvar

Tillverkaren är inte ansvarig för skada som orsakats av produkten om skadan beror på att produkten har reparerats felaktigt eller om, vid reparation eller utbyte, andra än Original GARDENA reservdelar har använts. Samma sak gäller för kompletteringsdelar och tillbehör.

DK Produktansvar

Vi gør udtrykkeligt opmærksom på, at vi i henhold til produktansvarsloven ikke er ansvarlige for skader forårsaget af vores udstyr, såfremt det sker på grund af uautoriserede reparationer eller hvis dele er skiftet ud og der ikke er anvendt originale GARDENA dele eller dele godkendt af os, eller hvis reparationerne ikke er udført af GARDENA-service eller en autoriseret fagmand. Det samme gælder for ekstra udstyr og tilbehør.

FI Tuotevastuu

Korostamme nimenomaan, että tuotevastuulainoja joillakin emme ole vastuussa laitteistamme johtuneista vahingoista, mikäli nämä ovat aiheutuneet epäasiamukaisesta korjauksesta tai osia vaihdettaessa ei ole käytetty alkuperäisiä GARDENA-varaosia tai hyväksymäämme osia ja korjaukset on suorittanut muu kuin GARDENA-huoltokeskus tai valtuuttamamme ammattihienkilö. Tämä pääte myös lisäosia ja lisävarusteisiin.

I Responsabilità del prodotto

Si rende espressamente noto che, conformemente alla legislazione sulla responsabilità del prodotto, non si risponde di danni causati dai nostri articoli se originati da riparazioni eseguite non correttamente o da sostituzioni di parti effettuate con materiale non originale GARDENA o comunque da noi non approvato e, in ogni caso, qualora l'intervento non venga eseguito da un centro assistenza GARDENA o da personale specializzato autorizzato. Lo stesso vale per le parti complementari e gli accessori.

E Responsabilidad de productos

Advertimos que conforme a la ley de responsabilidad de productos no nos responsabilizamos de daños causados por nuestros aparatos, siempre y cuando dichos daños hayan sido originados por arreglos o reparaciones indebidas, por recambios con piezas que no sean piezas originales GARDENA o bien piezas no autorizadas por nosotros, así como en aquellos casos en que la reparación no haya sido efectuada por un Servicio Técnico GARDENA o por un técnico autorizado. Lo mismo es aplicable para las piezas complementarias y accesorios.

P Responsabilidade sobre o produto

Queremos salientar que segundo a lei da responsabilidade do fabricante, nós não nos responsabilizaremos por danos causados pelo nosso equipamento, quando estes ocorram em decorrência de reparações inadequadas ou da substituição de peças por peças não originais da GARDENA, ou peças não autorizadas. A responsabilidade tornar-se-á nula também depois de reparações realizadas por oficinas não autorizadas pela GARDENA. Esta restrição valerá também para peças adicionais e acessórios.

PL Odpowiedzialność za produkt

Zwracamy Państwa uwagę, że nie ponosimy odpowiedzialności za uszkodzenia naszych maszyn, bądź szkody spowodowane ich wadliwym funkcjonowaniem, powstałe na skutek nieprawidłowo przeprowadzonych napraw lub użycia nieoryginalnych części zamiennych. Naprawy winny być przeprowadzane tylko przez punkty serwisowe Husqvarna lub autoryzowane serwisy. Dotyczy to również części uzupełniających i oprzyrządowania.

H Termékszavatosság

Nyomatékosan utalunk arra a tényre, hogy a természetes szavatossági törvény szerint nem kell jóvállást vállálnunk azokra a károkra, amelyeket nem a mi készülékeink okoztak, ha ezeket szakszerűen javítás okozta vagy egy alkatrész kicsérélésénél nem a mi eredeti GARDENA alkatrészeinek vagy általunk engedélyezett alkatrészeket használtuk fel és a javítást nem a GARDENA szolgálat vagy egy erre felhatalmazott szakember végezte. Hasonlóképpen érvényes ez a kiegészítő alkatrészre és tartozékra is.

CZ Odovpovědnost za výrobek

Výslovně upozorňujeme na to, že podle zákona o odovpovědnosti za výrobek neneseme odovpovědnost za škody způsobené našimi přístroji, pokud byly způsobené neodbornou opravou nebo použitím jiných než našich originálních náhradních dílů GARDENA nebo námí schválených dílů a neprověřeném opravě servisem GARDENA nebo autorizovaným odborníkem. Odpovidající platí i pro doplňkové díly a příslušenství.

SK Predmet záruky

Upozorňujeme dôrazne na to, že podľa zákona o poskytovaní záruk nezodpovedáme za škody spôsobené našimi výrobkami, v prípade, že boli boli vyvolané neodbornými opravami, výmenou dielcov, ktoré nepatria k originálnym dielom GARDENA alebo neboli nami schválené arovnako boli spôsobené servisnými zásahmi, ktoré neboli vykonané servisom GARDENA alebo autorizovaným odborníkom. Rovnako to platí pre doplnky a príslušenstvo.

GR Ευθύνη για το προϊόν

Σας υπενθυμίζουμε ότι, όταν σύμφωνα με το νόμο περί ευθύνης για τα προϊόντα δεν ευθυνόμαστε για ενδεχόμενες βλάβες που προκαλούνται από τη συσκευές μας, εφόσον οφείλονται σε μία ακατάλληλη επισκευή ή σε μία αντικατάσταση τμημάτων για την οποία δεν έχουν χρησιμοποιηθεί τα πρωτότυπα ανταλλακτικά της GARDENA ή τα από μας εγκεκριμένα ανταλλακτικά και σε περίπτωση που δεν εκτελείται η επισκευή από το Τμήμα Εξυπρέπησης Πελατών της GARDENA ή από έναν εξουσιοδοτημένο εξειδικευμένο τεχνίτη. Το ίδιο ισχύει για εξαρτήματα και συμπληρωματικά τμήματα.

SLO Jamstvo za izdelek

Pismeno poudarjamo, da po zakonu jamstva za izdelek nismo odgovorni za škodo, ki bi nastala zaradi uporabe našega izdelka, prav tako tudi ne za škodo ki bi nastala zaradi nepravilnega popravlja izdelka ali pri napačni zamenjavi delov, ki niso originalni deli GARDENA ali pri uporabi z naše strani potrjenih delov, ki pa niso bili vgrajeni v servisu GARDENA ali v naši pooblaščeni servisni službi. Enako velja tudi za nadomestne dele in opremo.

HR Odgovornost za proizvod

Izričito napominjemo da u skladu sa Zakonom o odgovornosti za proizvode nismo odgovorni za štete uzrokovane našim uredajima ako su one izazvane nestručnim popravkom ili u slučaju zamjene dijelova nisu korišteni originalni GARDENA dijelovi ili dijelovi koje smo odobrili i popravak nije izvršio GARDENA servis ili ovlašteni stručnjak. Isto vrijedi i za dodatne dijelove i pribor.

RO Responsabilitatea legală a produsului

Mentionam în mod expres ca, în concordanță cu responsabilitatea legală a produsului, nu suntem răspunzători de nici un accident provocat de produsele noastre dacă se datorează reparării necorespunzătoare sau dacă piesele de schimb nu sunt originale GARDENA sau aprobată de GARDENA, sau dacă reparările nu au fost efectuate de un Centru de Service GARDENA sau un specialist autorizat. Aceleași prevederi se aplică și pieselor de schimb și accesoriilor.

BG Отговорност за качество

Изрично подчертаваме, че съгласно закона за отговорност за качество, ние не носим отговорност за вредите причинени от нашите уреди, ако същите са причинени от неправилен ремонт или при подмяната на части не са използвани оригинални части на GARDENA или части одобрени от нас и ремонта не е извършен от сервис на GARDENA или оторизиран специалист. Същото важи за допълнителните части и принадлежности.

EST Tootevastustus

Juhime teie tähelepanu sellele, et tootevastutusseaduse kohaselt ei vastuta me meie seadmete poolt põhjustatud kahjude eest, kui need on tekkinud asjatundmatu paranduse tagajärvel või kui detaili vahetamisel ei kasutatud GARDENA originaalvaruosi ega meie poolt kasutada lubatud varuosi ja kui parandustöid ei ole teinud GARDENA klienditeenindusspetsialistid ega meie volitatud spetsialistid. Sama kehtib lisadetailide ja tarvikute kohta.

LT Atsakomybė už produkciją

Nurodome, kad remdamiesi Atsakomybės už produkciją įstatymu, neatsakome už nuostolius, sukeltus mūsų prietaisų, jei jie atsirado dėl netinkamo remonto, arba, jei keičiant dalis, buvo naudojamos neoriginalios GARDENA dalys arba dalys, kurių mes neleidome naudoti, o remontą atliko ne GARDENA servisas arba neįgaliotasis specialistas. Tas pats galioja papildomoms dalims ir priedams.

LV Produkta atbildība

Mēs skaidri norādām uz to, ka saskaņā ar Produktu atbildības likumu, mēs neatbildam par mūsu iekārtu radītiem zaudējumiem, ciklāl tos ir izraisījis neatbilstošs remonts vai daļu nomaina ar neorigānām GARDENA daļām vai ne ar mūsu norādītajām detalām un remontu nav veicis GARDENA serviss vai pilnvarots speciālists. Tas pats attiecas uz papildinošajām daļām un piederumiem.

<p>D EG-Konformitätserklärung</p> <p>Der Unterzeichnende Husqvarna AB, 561 82 Huskvarna, Sweden bestätigt, dass die nachfolgend bezeichneten Geräte in der von uns in Verkehr gebrachten Ausführung die Anforderungen der harmonisierten EU-Richtlinien, EU-Sicherheitsstandards und produktspezifischen Standards erfüllen. Bei einer nicht mit uns abgestimmten Änderung der Geräte verliert diese Erklärung ihre Gültigkeit.</p>	<p>H EU-Megfelelőségi nyilatkozat</p> <p>Aláíró, a Husqvarna AB, 561 82 Huskvarna, Sweden igazolja azt, hogy az alábbiakban megnevezett készülékek, az általunk forgalomba hozott kivitelben teljesítik a harmonizációs EU-irányelvök, az EU biztonsági szabványok és a termékre jellemző szabványok követelményeit. Ha a készülékeken a mi beleegyezésünk nélkül változtatást végeznek, akkor ez a nyilatkozat érvényét veszti.</p>
<p>GB EU Declaration of Conformity</p> <p>The undersigned Husqvarna AB, 561 82 Huskvarna, Sweden hereby certifies that, when leaving our factory, the units indicated below are in accordance with the harmonised EU guidelines, EU standards of safety and product specific standards. This certificate becomes void if the units are modified without our approval.</p>	<p>CZ Prohlášení o shodě EU</p> <p>Podpísaný Husqvarna AB, 561 82 Huskvarna, Sweden potvrzuje, že dále uvedené přístroje v námi do provozu uvedeném provedení splňují požadavky harmonizovaných směrnic EU, bezpečnostních norem EU a norem specifických pro výrobek. Při námi neschváleném změně přístroj ztrácí toto prohlášení platnost.</p>
<p>F Certificat de conformité aux directives européennes</p> <p>Le constructeur, soussigné : Husqvarna AB, 561 82 Huskvarna, Sweden déclare qu'à la sortie de ses usines le matériel neuf désigné ci-dessous était conforme aux prescriptions des directives européennes énoncées ci-après et conforme aux règles de sécurité et autres règles qui lui sont applicables dans le cadre de l'Union européenne. Toute modification portée sur ce produit sans l'accord express de GARDENA supprime la validité de ce certificat.</p>	<p>SK EU-Vyhľásenie o zhode</p> <p>Nižiž uvedená firma Husqvarna AB, 561 82 Huskvarna, Sweden vyhľasuje, že uvedené zariadenia, ktorá uvedla na trhu v tomto vyhotovení, spĺňajú požiadavky harmonizovaných smerníc EU, bezpečnostných norem EU a norem specifických pre výrobok. Pri zmeni zariadenia, ktorá nebola odsúhlasená výrobcom stráca toto vyhľasenie platnosť.</p>
<p>NL EU-overeenstemmingsverklaring</p> <p>Ondergetekende Husqvarna AB, 561 82 Huskvarna, Sweden bevestigt, dat de volgende genoemde apparaten in de door ons in de handel gebrachte uitvoering voldoen aan de eisen van, en in overeenstemming zijn met de EU-richtlijnen, de EU-eveleidingsstandaard en voor het product specifieke standaard. Bij een niet met ons afgesproken verandering aan de apparaten verliest deze verklaring haar geldigheid.</p>	<p>GR Δήλωση Συμφόρωσης προς τις Οδηγίες της ΕΕ</p> <p>Η υπογράφουσα Husqvarna AB, 561 82 Huskvarna, Sweden δηλώνει, ότι τα εξής αναφερόμενα εκδίδομενα από την εταιρία μας προϊόντα ανταποκρίνονται σε όλες τις εναρμονισμένες προδιαγραφές της ΕΕ, στα πρότυπα ασφαλείας της ΕΕ καθ απόδικα για το προϊόν προτύπια. Σε μια μισημένη με την εταιρία μας τροποποίηση των συσκευών αυτή η δήλωση χάνει την ισχύ της.</p>
<p>S EU Tillverkarintyg</p> <p>Undertecknade firma Husqvarna AB, 561 82 Huskvarna, Sweden intygar härmed att nedan nämnda produkter överensstämmer med EU:s direktiv, EU:s säkerhetsstandard och produktspecifikation. Detta intyg upphör att gälla om produkten ändras utan varit tillstånd.</p>	<p>SLO EV-izjava o skladnosti</p> <p>Podpisani prvoizvajalec »Husqvarna AB, 561 82 Huskvarna, Sweden« s podpisom potrdjuje, da sledete opisana naprava, ki smo jo postali na tržišče izpolnjuje zahteve harmoniziranih standardov ES-smernic, ES-varnostnih standardov in izdelku specifičnih standardov. V primeru sprememb na napravi brez našega pisnega dovoljenja ta izjava izgubi svoj pomen in veljavnost.</p>
<p>DK EU Overensstemmelse certifikat</p> <p>Undertegnede Husqvarna AB, 561 82 Huskvarna, Sweden bekræfter hermed, at enhederne listet herunder, ved afsendelse fra fabrikken, er i overensstemmelse med harmoniserede EU retningslinjer, EU sikkerheds standarder og produkt specifikations standarder. Dette certifikat træder ud af kraft hvis enhederne er ændret uden vor godkendelse.</p>	<p>HR Izjava o sukladnosti EU-a</p> <p>Dolje potpisana tvrtka Husqvarna AB, 561 82 Huskvarna, Sweden ovime potvrđuje da dolje navedeni uređaji u izvedbi plasirano na tržište ispunjavaju zahteve harmoniziranih EU smjernica, EU sigurnosnih normi i normi za određene proizvode. Ova izjava postaje nistavna u slučaju izmjene uređaja koje nismo odobrili.</p>
<p>FI EU-yhdenmukaisuusvakuutus</p> <p>Allekirjoittanut Husqvarna AB, 561 82 Huskvarna, Sweden vakuuttaa, että aallamainitut laitteet täytävät tehtävämme lähtivässään yhdenmukaiset EU-direktiivien, EU-turvallisuusstandardien ja tuotekohdisten standardien vaatimukset. Laiteesiin tehdyn muutoksen jäljistä ei ole sovitua kanssamme, johtavat tämän vakuutuksen raukeamiseen.</p>	<p>RO UE-Certificat de conformitate</p> <p>Prin prezenta Husqvarna AB, 561 82 Huskvarna, Sweden, certifica faptul ca, în momentul în care produsele menționate mai jos les din fabrică sunt în concordanță cu directivele UE, standardele de siguranță UE și standardele specifice ale produsului UE. Acest certificat devine nul în cazul modificării aparatului fără aprobarea noastră.</p>
<p>I Dichiarazione di conformità alle norme UE</p> <p>La sottoscritta Husqvarna AB, 561 82 Huskvarna, Sweden certifica che il prodotto qui di seguito indicato, nei modelli da noi commercializzati, è conforme alle direttive armonizzate EU nonché agli standard di sicurezza e agli standard specifici di prodotto. Qualunque modifica apportata al prodotto senza nostra specifica autorizzazione invalida la presente dichiarazione.</p>	<p>BG ЕС-Декларация за съответствие</p> <p>Подписаната фирма Husqvarna AB, 561 82 Huskvarna, Sweden декларира, че описаните по-долу уреди, пуснати в продажба съгласно нашата спецификация, изпълняват изискванията на гармонизирани ЕС-директиви, ЕС-стандарти за безопасност и специфичните производствени стандарти. При промяна на уреда, която не е съгласувана с нас, тази декларация губи своята валидност.</p>
<p>E Declaración de conformidad de la UE</p> <p>El que subscrive Husqvarna AB, 561 82 Huskvarna, Sweden declara que la presente mercancía, objeto de la presente declaración, cumple con todas las normas de la UE, en lo que a normas técnicas, de homologación y de seguridad se refiere. En caso de realizar cualquier modificación en la presente mercancía sin nuestra previa autorización, esta declaración pierde su validez.</p>	<p>EST ELi vastavusdeklaratsioon</p> <p>Allkirjutanud Husqvarna AB, 561 82 Huskvarna, Sweden kinnitab, et kirjeldatud seade vastab meie poolt ringlusse viitud kujul ELi harmoniseeritud direktiividele, ELi ohutustandarditele ja tooteaga seotud standarditele. Meie kooskõlastamata muudatuse tegemise korral seadmel kaotab see deklaratsioon kehtivuse.</p>
<p>P Certificado de conformidade da UE</p> <p>Os abaixo mencionados Husqvarna AB, 561 82 Huskvarna, Sweden, por este meio certificam que ao sair da fábrica os aparelhos abaixo mencionados estão de acordo com as diretrizes harmonizadas da UE, padrões de segurança e de produtos específicos. Este certificado ficará nulo se as unidades forem modificadas sem a nossa aprovação.</p>	<p>LT ES Atitikties deklaracija</p> <p>Pasirašanti įmonė Husqvarna AB, 561 82 Huskvarna, Sweden patvirtina, kad žemiau nurodyti prietaisai ir jų modeliai, kurie buvo pagaminti mūsy gamyklose atitinkamai ES direktyvās, ES saugumo standartus ir specifinius gaminių standartus. Atlikus bet kokią prietaiso pakeitimą, kuris nėra suderintas su mumsi, ši deklaracija praranda galiojimą.</p>
<p>PL Deklaracja zgodności Unii Europejskiej</p> <p>Husqvarna AB, 561 82 Huskvarna, Sweden potwierdza, że poniżej określone urządzenia w wersji oferowanej przez nas do sprzedzania spełnia wymagania zharmonizowanych dyrektyw Unii Europejskiej, standaru bezpieczeństwa Unii Europejskiej i standaru specyficzego dla tego typu produktów. W przypadku zmiany urządzenia, która nie została z nami uzgodniona, niniejsza deklaracja traci moc obowiązywania.</p>	<p>LV ES-atbilstības deklaracija</p> <p>Parakstījusies Husqvarna AB, 561 82 Huskvarna, Sweden, Vācija apstiprina, ka sekojoši apzīmētie iekārtas, kurus mēs izplatām, savā izplūdījumā atbilst harmonizētajām ES direktīvām, ES drošības standartiem un produkta specifikācijām standartiem. Ar mūsu neapstiprinātām izmaiņām iekārtā šī deklarācija zaudē savu derīgumu.</p>
