## GARDENA Pressure Sprayer 1,25 l

Translation of the original German operating instructions. Please read the operating instructions carefully and observe the notes given. Use the instructions to familiarise yourself with the Pressure Sprayer, its proper use and the notes on safety. For safety reasons, children under 16 as well as persons not familiar with these operating instructions must not use the Pressure Sprayer. Keep these operating instructions in a safe place.

### 1. Area of application of your GARDENA Pressure Sprayer

#### Intended purpose:

The GARDENA Pressure Sprayer is intended for distributing solvent-free liquid pesticides<sup>1)</sup>, herbicides<sup>1)</sup>, fertilisers<sup>1)</sup>, window cleaners<sup>1)</sup>, and car wax<sup>1)</sup> in domestic gardens and allotments. It must not be used in public places, parks, sport arenas, or in agriculture or forestry. Compliance with the operating instructions provided by the manufacturer is a prerequisite for using the Pressure Sprayer correctly.

<sup>1)</sup> In accordance with the laws governing the use of pesticides and detergents, only authorised substances may be used (authorised specialist shop).

#### Please note:

Due to the risk of physical injury, the GARDENA Pressure Sprayer must not be used for spraying substances other than those specified by GARDENA. Also, no acids, disinfectants or impregnators, aggressive and solvent-containing cleaning agents, petrol or spray oil may be sprayed. We recommend that you only use pesticides approved by the BBA (German Federal Biological Research Centre for Agriculture and Forestry). To our knowledge at the time of manufacturing the unit, the pesticides approved by the BBA will not damage the materials used to construct the Pressure Sprayer. When spraying insecticides, herbicides and fungicides or other liquid plant protection products, you must comply with all special precautionary measures specified by the manufacturer of the product you are using.

### 2. Safety instructions

#### Danger of physical injuries:

Never open the Pressure Sprayer or unscrew the nozzle when the Pressure Sprayer is still pressurised. To prevent injury, never connect the Pressure Sprayer to an air-compressor. Always hold Pressure Sprayer upright before the safety valve ⑥ (Fig. A3) is pressed. Before each opening of the Pressure Sprayer, thoroughly release pressure by pressing the safety valve.

Danger! Small parts could be swallowed during assembly and there is a risk of suffocation from the polybag. Keep infants away during assembly.

#### Operation:

Inspect the Pressure Sprayer visually before each use. Never leave your Pressure Sprayer unattended or for long periods when full and pressurised. Keep the unit out of the reach of children. You are responsible for the safety of others. Keep your Pressure Sprayer away from heat sources and hot environments. Screw on the spray nozzle ① tightly by hand (do not use tools) and ensure that the O-ring ⑦ (Fig. A1) is positioned correctly.

#### Cleaning:

Release the pressure after each use, empty the container, clean it carefully and rinse with clear water. Then leave the pressure sprayer open and allow it to dry. Do not dispose of residual fluids in the sewerage system (local disposal systems). Always clean the Pressure Sprayer before using a different product to avoid chemical reactions. When using several Pressure Sprayers, the tanks and spray nozzle may not be exchanged between them.

#### Storage:

Before storing, loosen the tank cap and always empty your Pressure Sprayer completely (also after cleaning with water). Store away from frost.

### 3. Operation

Please observe the safety and proportioning instructions provided by the manufacturer of the product you are going to spray.

#### A1 Unscrew spray nozzle ① and fill tank ②.

**WARNING: The tank may only be filled with a maximum of 1.25 litres liquid.**

#### A2 Pump using the handle ③.

#### A3 Set mist spray via the nozzle ④:

**Press operating tab ⑤ and spray liquid.**

### 4. Cleaning

#### Cleaning the Pressure Sprayer:

Always clean your Pressure Sprayer after spraying. Use Pressure Sprayer only with clear water (possibly with addition of dish detergent) and spray empty. Use Pressure Sprayer only with clear water (possibly with addition of dish detergent) and spray empty. The valves, the suction hose and the nozzle ④ are cleaned. In the case of outer dirtying of cover and tank, thoroughly clean the area thread and thread-O-ring ⑦.

We recommend that you have your Pressure Sprayer thoroughly inspected (preferably at a GARDENA Service Centre) after using it for 5 years.

### 5. Trouble-Shooting

#### A1 Cleaning the filter:

→ Remove filter ⑩ from suction hose and clean it.

Problem	Possible Cause	Remedy
<b>Pump does not build up pressure.</b>	Spray nozzle ① too lightly screwed on.	Screw spray nozzle ① on tighter.
	Pump pipe ⑧ is loose.	Screw on pump pipe ⑧ tighter.
	O-Ring ⑦ is not correctly positioned.	Check correct position of O-Ring ⑦.
	Sealing cap ⑨ is defective.	Exchange sealing cap ⑨.
<b>Pressure Sprayer does not spray although there is sufficient pressure or only sprays with a weak spray jet.</b>	Nozzle ④ is blocked.	Unscrew nozzle ④ and clean.
	Filter ⑩ is clogged.	Remove filter ⑩ and clean it.
<b>It is difficult to open and close the container.</b>	Container pressure too high.	Release the container pressure completely by means of the safety valve ⑥.

If you have any other problems with your Pressure Sprayer please contact GARDENA Customer Service.

### 6. Putting into Storage

#### Storing your Pressure Sprayer:

1. Clean the Pressure Sprayer (refer to 4. Cleaning).
2. Keep your Pressure Sprayer in a place protected from frost.

### 7. Technical data

<b>Max. capacity</b>	1,25 l
<b>Permissible working pressure</b>	3 bar
<b>Max. permissible operating temperature</b>	40 °C

### 8. Warranty

In the event of a warranty claim, no charge is levied to you for the services provided. GARDENA Manufacturing GmbH offers a two-year warranty (effective as of the date of purchase) for this product. This warranty includes all significant defects of the product that can be proved to be material or manufacturing faults. This warranty is fulfilled by supplying a fully functional replacement product or by repairing the faulty product sent to us free of charge; we reserve the right to choose between these options. This service is subject to the following provisions:

The product was used for its intended purpose as per the recommendations in the operating instructions. Neither the purchaser nor a third party has attempted to repair the product. This manufacturer's warranty does not affect warranty entitlements against the dealer/retailer. If problems arise with this product, please contact our Service department or send the defective product along with a brief description of the fault to GARDENA Manufacturing GmbH, making sure to have sufficiently covered any shipping costs and to have followed the relevant postage and packaging guidelines. A warranty claim must be accompanied by a copy of the proof of purchase.
